

Pediatric Dental Hygienist

MyKIDSdds is one of the largest private practices in Dallas with three residing doctors. We specialize in pediatric dentistry and orthodontics for all. MyKIDSdds is unique in the focus we place on educating our patients and their families, so they are empowered to take control of their health and choices. Our doctors focus not only on dental health, but on each person's overall wellness and happiness. We do our best to help them understand how their oral health can affect other aspects of their wellbeing and teach habits that support the preventative care we provide in our office.

We love and care for kids and want to help them develop beautiful and healthy smiles! Do you? Do you have a great attitude and want the opportunity to grow personally and professionally? If so, we want to meet you! We are seeking a part-time Dental Hygienist to join our team!

Qualifications:

- Current Texas RDH License
- Associates or Bachelors degree in Dental Hygiene
- CPR Certification
- Optimistic TEAM member
- Excellent communication skills with both kids and parents
- Cultivate meaningful relationships with parents and co-workers
- High energy and outgoing personality
- Attention to detail
- Initiative to stay on task with or without direct supervision
- Great attitude with a drive to continue to learn and grow as an individual

Duties:

- Perform dental hygiene services and procedures, including dental prophylaxis, scaling, fluoride and sealants
- Complete a thorough assessment of the patient's teeth and occlusion, as well as document any abnormalities or suspected conditions
- Educate patients on good oral hygiene techniques
- counsel patients about good nutrition and its impact on oral health
- Maintain patient confidentiality
- Various support to team members and Providers
- Maintain OSHA regulations
